

Cookie policy

For your convenience, the www.agnesinversiones.com website uses cookies and similar technologies inter alia to adapt the website to your needs and for statistical purposes. Cookies are small text files sent by a website visited by an internet user to user's device.

Cookies are also used by the websites we refer to when displaying media, for example.

You can change your cookie settings in your browser. If you do not change these settings indicates your acceptance of the cookies used here.

The websites use performance cookies, i.e. cookies that collect information about the use of the website to make the site work better and functional cookies to 'remember' your settings (e.g. language, font size). These include:

- google-analytics.com cookies - statistics for www.agnesinversiones.com sites
- cookies linked to the 'Facebook' plug-in, which is used to easily share content via social network. Facebook's privacy policy is described here: www.facebook.com/about/privacy/cookies
- session cookies (expire at the end of the session)

The third-party sites from which we present material may also use cookies, which enable you to log in, and are used to deliver advertising corresponding to the user's tastes and behaviour. In particular, such cookies are:

- On youtube.com - containing the user's preferences and click count (described in the privacy policy www.google.pl/intl/pl/policies/privacy/)

The level of protection against cookies can be set in your browser - up to a total blocking of cookies. This increases the level of security and data protection, but may also prevent certain functions or prevent the use of the website altogether.

How do you change your settings on the most popular browsers?

Google Chrome

You need to click on the menu (top right corner), tab Settings > Show advanced settings advanced settings. In the 'Privacy' section, you need to click on Content settings. In the 'Cookies' section you can change the following cookie settings:

- Deleting cookies
- Default blocking of cookies
- Default permission for cookies
- Default retention of cookies and page data until the browser is closed
- Specifying exceptions for cookies from specific sites or domains

Internet Explorer

From the browser menu (top right corner): Tools > Internet Options > Privacy, Sites button. Use the slider to set the level, confirm the change with OK.

Mozilla Firefox

From the browser menu: Tools > Options > Privacy. Activate the Firefox program field: 'will use user settings'. Cookies are decided by clicking - or not - on the Accept cookies item.

Opera

From the browser menu: Tool > Preferences > Advanced. Cookies are decided by selecting - or not selecting - the Cookies item.

Safari

From the Safari drop-down menu, select Preferences and click on the Security icon. This is where you can select the security level in the 'Accept cookies' section.
